

Welcome to our Computer Engineering Diploma Classes!

We offer a comprehensive diploma program in Computer Engineering to help you achieve your career goals. Our course is designed by experienced faculty members who have a deep understanding of the subjects and the industry requirements. We provide both classroom and online courses to cater to the diverse needs of students.

Our Course:

Computer Engineering: Our Computer Engineering course covers topics such as programming, data structures, algorithms, computer networks, and software engineering. This course is ideal for students who want to pursue careers in the fields of computer hardware and software engineering.

Fees:

Our fees for the Computer Engineering Diploma course are Rs.7000 per subject. The fees cover all the study materials and resources required for the course. Payment options are available, including installments.

Why Choose Us:

Experienced Faculty: Our faculty members are highly experienced and qualified in their respective fields, providing students with in-depth knowledge of the subject matter.

Comprehensive Course Material: We provide comprehensive course material to help students understand the concepts thoroughly and prepare for exams.

Personalized Attention: We provide personalized attention to each student to ensure that they receive the best possible education and achieve their career goals.

Industry-relevant Curriculum: Our curriculum is designed to meet the current industry standards, ensuring that our students have the necessary skills and knowledge to succeed in the field of Computer Engineering.
