

Welcome to our B.Sc. Classes!

Our B.Sc. courses are designed to provide students with a strong foundation in the principles and practices of their respective subjects. Our experienced faculty members have designed the courses to meet the current industry standards and to help students achieve their career goals. We offer both classroom and online courses to cater to the diverse needs of students.

Our Courses:

B.Sc. Physics: Our B.Sc. Physics course covers topics such as mechanics, thermodynamics, electromagnetism, and quantum mechanics. This course is ideal for students who want to pursue careers in research, engineering, or teaching.

B.Sc. Chemistry: Our B.Sc. Chemistry course covers topics such as organic chemistry, inorganic chemistry, physical chemistry, and biochemistry. This course is ideal for students who want to pursue careers in research, chemical engineering, or teaching.

B.Sc. Botany: Our B.Sc. Botany course covers topics such as plant anatomy, plant physiology, plant taxonomy, and plant ecology. This course is ideal for students who want to pursue careers in research, agriculture, or teaching.

Other B.Sc. Courses: We also offer B.Sc. courses in Mathematics, Zoology, Microbiology, Biotechnology, and Environmental Science.

Fees:

Our fees for the B.Sc. courses are 7000 per subject. The fees cover all the study materials and resources required for the course. Payment options are available, including installments.

Why Choose Us:

Experienced Faculty: Our faculty members are highly experienced and qualified in their respective fields, providing students with in-depth knowledge of the subject matter.

Comprehensive Course Material: We provide comprehensive course material to help students understand the concepts thoroughly and prepare for exams.

Personalized Attention: We provide personalized attention to each student to ensure that they receive the best possible education and achieve their career goals.

Industry-relevant Curriculum: Our curriculum is designed to meet the current industry standards, ensuring that our students have the necessary skills and knowledge to succeed in their respective fields.
